

MAP

Represent the part of the Earth that you live on. Make it your personal map that shows your daily route from point A (school) to point B (home). Consider a few stop points on the way home (gas station, grandparents, friends, coffee shop, store, etc.).

Think beyond traditional map, but incorporate elements like a legend, a compass, visual topography, landmarks and points of interest.

Use implied lines to show the route you take. Consider the speed you are moving with, feelings that you have at that part of the route, etc. No limitations here.
